Shareholders are entitled to vote at the meeting in person or by proxy.

### **APPOINTMENT AND REVOCATION OF PROXY**

The persons named in the Proxy are Directors and officers of Glacier. **A Shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by inserting the desired person’s name in the blank space provided in the Proxy.** The completed Proxy should be delivered to Computershare Investor Services Inc., Proxy Department at 100 University Avenue, 8<sup>th</sup> Floor, Toronto, Ontario, M5J 2Y1, Facsimile 1-866-249-7775 by 11:00 a.m. (Vancouver time) on June 25, 2024.

- (iii) in any other manner permitted by law.

### **ADVICE TO BENEFICIAL HOLDERS OF SHARES**

**The information set forth in this section is of significant importance to persons who beneficially own common shares of Glacier (“Shares”), as a substantial number of persons do not hold Shares in their own name.** These meeting materials are being sent to both registered and non-registered shareholders. If you are a non-registered shareholder and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary/broker holding on your behalf.

Shareholders whose Shares are not registered in their own name are referred to in this Circular as “Beneficial Shareholders”. There are two kinds of Beneficial Shareholders: those who have objected to their name being made known to the Corporation (called “OBOs” for Objecting Beneficial Owners) and those who have not objected (called “NOBOs” for Non-Objecting Beneficial Owners).

The Corporation can request and obtain a list of its NOBOs from intermediaries via its transfer agent and can use this NOBO list for distribution of proxy-related materials directly to NOBOs. The Corporation has decided to directly send proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive a voting instruction form from the Corporation's transfer agent, Computershare Investor Services Inc. These voting instruction forms are to be completed and returned to the transfer agent in the postage paid envelope provided or by facsimile. Alternatively, NOBOs can call a toll-free number or access the transfer agent's dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and vote the Shares held by them. The transfer agent will tabulate the results of the voting instruction forms received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Shares represented by the voting instruction forms they receive. By choosing to send these materials to you directly, the Corporation (and not the intermediary/broker holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your instructions as specified in the request for voting instructions. NOBOs that wish to attend the Meeting and vote in person (or appoint someone else to attend the Meeting and vote on such NOBOs' behalf) can appoint themselves (or someone else) as a proxyholder by following the applicable instructions on the voting instruction form.

With respect to OBOs, the Corporation does not intend to pay for intermediaries/brokers to deliver to OBOs meeting materials for the Meeting and an OBO will not receive the meeting materials unless the OBO's intermediary assumes the cost of delivery. Applicable regulatory policy requires intermediaries/brokers to whom meeting materials have been sent to seek voting instructions from OBOs in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by OBOs in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to an OBO by its broker is identical to that provided to registered shareholders. However, its purpose is limited to instructing the intermediary/broker how to vote on behalf of the OBO. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge"). Broadridge typically prepares a special voting instruction form, mails those forms to the OBOs and asks for appropriate instructions respecting the voting of Shares to be represented at the Meeting. OBOs are requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, OBOs can call a toll-free telephone number or access Broadridge's dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and vote the Shares held by them. Broadridge then tabulates the results of all voting instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. The voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Shares voted. OBOs who receive forms of proxies or voting materials from organizations other than Broadridge should complete and return such forms of proxies or voting materials in accordance with the instructions on such materials in order to properly vote their Shares at the Meeting. OBOs that wish to attend the Meeting and vote in person (or appoint someone else to attend the Meeting and vote on such OBOs' behalf) can appoint themselves (or someone else) as proxyholder by following the applicable voting instructions.

**Beneficial Shareholders are not entitled, as such, to vote at the Meeting in person or to deliver a form of proxy. If you are a Beneficial Shareholder and wish to appoint yourself as proxyholder to vote in person at the Meeting or appoint someone else to attend the Meeting and vote on your behalf, please see the voting instructions you received or contact your intermediary/broker well in advance of the Meeting to determine how you can do so. If a Beneficial Shareholder or NOBO has any questions they should contact Computershare Investor Services Inc. If an OBO has any questions they should contact their intermediary.**

**Beneficial Shareholders should carefully follow the voting instructions they receive, including those on how and when voting instructions are to be provided, in order to have their Shares voted at the Meeting.**

### **Majority Voting for Directors**

The Board previously adopted a majority voting policy. This majority voting policy will have no force and effect as new provisions under the *Canada Business Corporations Act* (the "CBCA") have introduced a statutory voting requirement for uncontested director elections. Under the CBCA provisions, shareholders will be allowed to vote "for" or "against" each nominee for the Board of Directors (as opposed to "for" or "withhold"). If a nominee does not receive a majority of the votes cast for their election, the nominee will not be elected and that director position will remain open or, in the case of an incumbent director, such director may continue in office until the earlier of (i) the 90<sup>th</sup> day after the election, or (ii) the day on which their successor is appointed or elected

### *Financial Statements*

The audited financial statements of Glacier for the year ended December 31, 2023, together with the Auditor's Report on the Financial Statements, will be presented to the Shareholders at the Meeting. The Financial Statements, together with the Auditor's Report, were mailed to the Shareholders who had requested such statements in accordance with National Instrument 51-102.

### *Proxy Voting*

**Shares represented by any effective Proxy given by any Shareholder in the form provided will be voted or withheld from voting in accordance with the instructions specified therein and, where no choice is specified, will be voted FOR each of the nominees for directors proposed by the Board of Directors, the appointment of PricewaterhouseCoopers LLP as auditors, and the advisory vote on executive compensation.** The form of Proxy confers discretionary power in respect of amendments to matters identified in the Notice and other matters that may properly come before the Meeting. At the date of the Notice, there are no variations or amendments to such matters or any other matters to come before the Meeting known to the Board of Directors.

### **VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES**

Shareholders registered as at May 23, 2024 (the "Record Date") are entitled to attend and vote at the Meeting. Shareholders who wish to be represented by Proxy at the Meeting must, to entitle the person appointed by the Proxy to attend and vote, deliver their Proxies at the place and within the time set forth in the notes to the Proxy.

As of the Record Date, Glacier had 131,131,598 Shares issued and outstanding. All issued and outstanding Shares of Glacier carry the right to one vote per share.

To the knowledge of the Directors and senior officers of Glacier, as of the Record Date, no one beneficially owns, or controls or directs, directly or indirectly, more than 10% of the issued and outstanding Shares of Glacier except as set forth below.

<b>Name of Shareholder</b>	<b>Number of Shares</b>	<b>% of Outstanding Shares</b>
Madison Venture Corporation	70,614,394	53.85%

### **ELECTION OF DIRECTORS**

The Directors of Glacier are elected annually and hold office until the next annual general meeting of the shareholders or until their successors are elected or appointed. Management proposes to nominate the persons listed below for election as Directors of Glacier to serve until their successors are elected or appointed. In the absence of instructions to the contrary, proxies given pursuant to the solicitation by the management of Glacier will be voted for the nominees listed in this Circular. Management does not contemplate that any of the nominees will be unable to serve as a director, but should that occur for any reason prior to the Meeting, the persons named in the enclosed Proxy reserve the right to vote for another nominee at their discretion.

The articles of Glacier provide that the Board of Directors of Glacier will be comprised of a maximum of 15 Directors. It is proposed that five persons be elected to be Directors.

The following table sets out the names of the nominees for election as Directors, the offices they hold within Glacier, their occupations, the length of time they have served as directors of Glacier and the number of Shares which each beneficially owns directly or indirectly or over which control or direction is exercised as of the date of the Notice.

Glacier is committed to ensuring that the Corporation has an effective corporate governance system. The Corporation's current governance practices pursuant to National Instrument 58-101 are specifically set out in Appendix A to this Circular in the form required by Form 58-101F1. Glacier values diversity, including, without limitation, diversity of experience, perspective, education, race, gender and national origin as part of its overall business strategy. Appendix A also includes the diversity disclosure required pursuant to section 172.1 of the CBCA.

### *Composition of the Board of Directors*

The Board is currently comprised of five Directors, three of whom are considered by the Board to be independent directors. The Board considers an independent director to be independent of management and free from any interest in any business or relationship which could or could be reasonably perceived to materially interfere with the Director's ability to act with a view to the best interests of Glacier.

### *Committees of the Board of Directors*

The Board has established a Corporate Governance Committee, an Audit Committee, a Compensation Committee and a Pension Committee and a Nominating Committee.

The Audit Committee reviews the annual and interim financial statements of Glacier and certain other public disclosure documents required by regulatory authorities and makes recommendations to the Board with respect to such statements and documents. This Committee also makes recommendations to the Board regarding the appointment of independent auditors, reviews the nature and scope of the annual audit as proposed by the auditors and management, and reviews with management the risks inherent in Glacier business and risk management programs relating thereto. This Committee also reviews with the auditors and management the adequacy of the internal accounting control procedures and systems within Glacier. The Audit Committee is comprised of three directors being Bruce Auger (Chair), Hugh McKinnon and Geoffrey Scott, all of whom are considered financial literate and independent directors. Certain information relating to the Audit Committee is contained in the Corporation's Annual Information Form under the section entitled "Audit Committee". The Annual Information Form is available on SEDAR at [www.sedar.com](http://www.sedar.com).

For particulars of the composition and functions of the Compensation Committee, see "Executive Compensation".

The Corporate Governance Committee is composed of Sam Grippo and Mark Melville. The Corporate Governance Committee is responsible for overseeing the governance of Glacier, including director education.

The Nominating Committee is composed of Sam Grippo (Chair) and Geoffrey Scott. This Committee is responsible for sourcing and nominating qualified candidates to serve as directors of Glacier.

The Pension Committee is responsible for managing all aspects of the Corporation's retirement plans, including oversight of the financing and administration. The members of this Committee are Bruce Auger, Geoffrey Scott, and Orest Smysnuik (Glacier's CFO).

## **EXECUTIVE COMPENSATION**

The compensation of executive officers is composed primarily of base salary, bonus, the allocation of incentive stock options and other benefits. In establishing levels of remuneration and in granting stock options the Compensation Committee takes into consideration an individual's performance, level of expertise, responsibilities, and length of service to the Corporation. The individual interested executive does not participate in review, discussion or decisions of the Compensation Committee regarding this compensation.

The Compensation Committee considers implications of the risks associated with the Corporation's compensation policies and practices as part of its responsibilities to review and recommend the compensation policies and practices of the Corporation. The Compensation Committee consists of two independent directors, Sam Grippo and Geoffrey Scott. Sam Grippo is currently the Chariman of Madison Venture and sits on the compensation committee of another Canadian reporting issuer. Geoffrey Scott has experience with the operations and management of various reporting issuers including matters of compensation. The Committee members have experience in assessing survey and other compensation data and criteria relevant to discharging the Committee mandate and their roles on such Committee.

The compensation for the Chief Executive Officer is determined by the Board and the Compensation Committee. The compensation for other executives is determined by the Chief Executive Officer consistent with the compensation policies adopted by the Board and is subject to review by the Board and the Compensation Committee. Glacier's executive compensation program is based on a pay-for-performance philosophy. The executive compensation program is designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and the long term, thereby enabling Glacier to retain executives important to Glacier's long term success. Incentive compensation is directly tied to corporate and individual performance.

The objectives of the executive compensation strategy are as follows: (i) to attract and retain talented and effective individuals to provide those functions which are important to Glacier's success; (ii) to encourage and recognize high levels of performance by linking achievement of specific goals with incentive compensation; and (iii) to establish a clear linkage between long term executive compensation and the interests of Glacier and its shareholders.

Glacier's executive compensation program has four components: (i) base salary; (ii) short-term incentives in the form of bonus compensation; (iii) long-term compensation to align the executives with the interests of shareholders; and (iv) other compensation and benefits. In special circumstances Glacier may grant stock options to executives. These components may be summarized as follows:

- **Base Salary**

Glacier approves ranges for base salaries for executive officers at all levels of Glacier and its subsidiaries based on reviews of market data from industry and national surveys. The level of base salary for each executive officer within a specified range is determined by Glacier based primarily on the executive officer's past performance, as well as by the level of responsibility, expertise and the importance of the executive officer's position to Glacier.

- **Short-Term Compensation**

Officers and employees of Glacier are eligible for annual short-term incentive plan ("STIP") awards in the form of cash bonuses. The Corporation sets a variety of management by objective ("MBO") goals, which are financial and non-financial for the executive, with at least one MBO being financial. On an annual basis the Compensation Committee, determines the bonus compensation to be paid by Glacier to all eligible officers and employees based on, the achievements of each individual as analyzed against the goals set for that individual or the Corporation to determine how much of the bonus has been earned.

For the 2023 STIP Glacier had specified financial targets related to net earnings, EBITDA and cash flow for Glacier and its associated entities on an absolute and per share basis; the implementation of Glacier's defined strategy and specified operational and strategic goals related to the development of specified business lines; the harvesting and sales of non-core assets and renewal of the Corporation's bank facility, and goals related to the human resources development and management.

- **Long-Term Compensation**

The long term incentive plan ("LTIP") of Glacier is intended to align the objectives of executives with the interests of shareholders.

Recognizing the circumstances facing the Corporation in the media industry, the Corporation is continuing to phase in, over an appropriate period, the degree of weighting placed on the quantifiable key performance indicators ("KPIs") to allow for the prudent transformation of the Corporation's operations consistent with long-term sustainable value creation. The Corporation proposes to determine and measure the KPIs with consideration given to industry peers. Consideration is also being given on a non-quantifiable basis to the operational efforts and general progress made with respect to the prudent transformation of the Corporation's operations consistent with long-term sustainable value creation.

The LTIP based compensation may be paid in the form of either cash payments to executives and/or cash payments which require that executives use the cash payments net of taxes to purchase Shares.

- **Stock Option Grants**

The grant of stock options under Glacier's Option Plan is determined by the Board. It is not currently anticipated that the Plan will be used on an annual basis but may be used as needs arise. The Plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable Glacier to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance. Glacier considers stock option grants when reviewing executive officer compensation packages as a whole.

- **Other Compensation and Benefits**

Benefits are maintained at a level which is competitive overall in relation to appropriate external comparisons. Executive officers of Glacier are entitled to certain perquisites which vary with their level of responsibility. These perquisites are considered part of a competitive compensation package and are not always related to corporate performance.

- **Chief Executive Officer's Compensation**

The basis upon which the compensation of Glacier's Chief Executive Officer is determined is consistent with the compensation policy and structure which is applicable to all of Glacier's executive officers as set forth above.

- **Clawback Policy**

The Corporation has implemented a clawback policy, effective for any compensation paid after December 31, 2013, that applies to the executive officers. The policy provides that the Corporation, at the discretion of the Compensation Committee, may seek reimbursement for variable cash compensation awarded to an executive in situations where (a) there is a substantial restatement of Glacier's financial statements filed with the securities commissions in Canada (other than a restatement caused by a change in applicable rules or interpretations) and the price of the Shares has substantially decreased as a result of the restatement, (b) the incentive compensation would have been lower had the financial results been properly reported, (c) the restatement is within three years after the first filing of the financial statements; and (d) the Board determines in good faith that the executive officer engaged in fraud or misconduct that caused or contributed to the restatement.

- **CEO Share Ownership**

The Chief Executive Officer is awarded share option grants in Madison Venture, which owns 53.85% of the Corporation. Through these shareholdings he will have an aligned interest in the Shares. This process is intended to ensure that the CEO is invested in and incented to take actions consistent with the long-term growth of the Corporation. It is the policy of the Corporation to pay Madison Venture for these share option grants.

- **Other**

The Board, with input from the Compensation Committee, has carefully considered emerging practices aimed at further aligning executive compensation with the interests of shareholders. The Board has adopted an advisory vote on executive compensation. Refer to the Section entitled "Advisory Vote on Executive Compensation".

- **Summary Executive Compensation**

The following table provides a summary of the compensation earned in respect of the last financial year by each of the Chief Executive Officer, Chief Financial Officer, the former Chief Executive Officer and other executive officers receiving total compensation in excess of \$150,000 ("**Named Executive Officers**" or "**NEO's**").

## Performance Graph

The following chart shows the Shareholder return on the Shares for the period from January 1, 2018 to December 31, 2023, together with the cumulative return for the S&P/TSX Composite Index and the S&P/TSE Canadian Small Cap Index for the same period, based on the closing price on the last trading day of each fiscal year. The chart assumes an initial investment of \$100.

The compensation of the Corporation's Named Executive Officers during this period was not directly tied to the price of the Shares. The majority of the compensation of the Named Executive Officers is composed of a fixed salary and performance components tied to financial, operational, and other goals, which currently, do not necessarily correspond to changes in the price of the Shares.

## STOCK OPTION PLAN

Glacier's stock option plan ("the Plan") is administered by the Glacier Board of Directors. Directors, employees and persons who provide services to Glacier are eligible to participate in the Plan.

The Plan provides that options to acquire a maximum of 2,238,348 outstanding Shares (2.5% of the outstanding Shares) may be allocated to participants. As of the date of this circular, there are no options outstanding for the purchase of Shares under the Plan. The number of Shares remaining reserved for issuance is 1,588,348 Shares. The exercise price of each option is determined by the Board of Directors of Glacier at the time of grant of the option and cannot be less than the closing price of Glacier's Shares on the Toronto Stock Exchange on the last trading day before the option is granted. The annual burn rate (as calculated pursuant to the TSX Company Manual) for the Plan was zero in each of the last three fiscal years.

The Plan provides that Glacier shall not grant options to insiders of Glacier which will, when exercised, exceed 10% of the outstanding Shares. In addition, the Plan provides that Glacier shall not grant options to any one person that could, when exercised, result in the issuance of Shares exceeding 5% of the outstanding Shares.

Options granted under the Plan are not assignable or transferable by the grantee. The expiry date of options are set by the Board of Directors of Glacier at the time of the grant of the option, subject to a maximum term of 10 years. In addition, options issued to employees or service providers of Glacier under the Plan terminate upon termination of employment for just cause or as a result of a regulatory order and terminate 30 days following death, termination by the Corporation without just cause or voluntary termination. Options issued to directors of Glacier terminate as follows: (i) six months after death; (ii) upon the director ceasing to hold office as a result of a regulatory order, being removed by shareholder resolution, or failing to meet the director qualification criteria of the CBCA; and (iii) 30 days after ceasing to hold office in any other case.

#### **ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Board of Glacier has in recent years spent considerable time and effort in defining and implementing an executive compensation program, and believes that it achieves the goal of enhancing the growth and sustainment of long-term shareholder value while attracting, motivating and retaining executive talent. The Board believes that shareholders should be well informed as to, and fully understand, the objectives, philosophy and principles that it has used to make executive compensation decisions and the oversight of any risks inherent in the Corporation's compensation program. For information regarding the Corporation's approach to executive compensation, shareholders should review the section "Compensation Discussion and Analysis".

The Board values and encourages constructive dialogue on compensation and other important governance topics with the shareholders of the Corporation, to whom the Board is ultimately accountable. The Board has monitored developments and trends relating to shareholders having an advisory vote on executive compensation (commonly referred to as "say on pay"). In forming its resolution for the say on pay vote, the Corporation has reviewed information set forth on this topic by the Canadian Coalition for Good Governance.

As this is an advisory vote, the results will not be binding upon the Board. However, the Board will take the results of the advisory vote into account, as appropriate, when considering future compensation policies, procedures and

decisions and in determining whether there is a need to significantly increase their engagement with shareholders on compensation related matters. In the event that a significant number of shareholders oppose the resolution, the Board will consult with the shareholders of the Corporation to understand their concerns and will review the Corporation's approach to compensation in the context of these concerns.

Accordingly, the Board proposes that you indicate your support for the Corporation's approach to executive compensation disclosed in this Circular by voting in favour of or against the following advisory resolution:

“BE IT RESOLVED THAT, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, the shareholders accept the approach to executive compensation disclosed in Glacier's Management Proxy Circular delivered in advance of the Annual General Meeting of shareholders.”

**The Board recommends a vote FOR the above resolution.**
